

Individual Bible Bowl Testing

Once we have received student login information, I will send that individually to each parent for your students. This will be sent by text to you.

The following is from L2LL:

The tests for 2021 Bible Bowl will be online only. We have looked at options in the past and finally came up with one that works very well. Doing the tests online will avoid issues with mail getting lost and other challenges that we have had before. Also, this doesn't require groups of students to have to be together in order to take the test as in the past.

Students will login to the testing portal using a 4-digit ID number and an access code that is unique to them..

Since registration is being extended through February 15, the first day for testing will be February 18 to give us time to get the login information together and emailed to each group leader. The last day to test will be March 7. Nothing has to be sent to L2L. All scoring is automatic, and the students will see their scores when they complete their tests. Those who are in the top ten scores for their grade division will be recognized at convention and receive an award.

Because this is so different from past years, we are extending the normal 1-hour time limit to 2 hours. Once the test starts, the students will need to complete the test within that 2-hour time frame.
